Construction & Quarry Equipment

EJEX EJECTORS

**SPREAD ON
THE FLY**

PROUDLY BUILT USING

HARDOX®
WEAR PLATE

DOMEX®
HIGH STRENGTH STEEL

EJEX Advantages Deliver These Bottom-Line Benefits:

- **Self cleaning**, reduces carry-back
- **Spreads on the fly**, cuts dozing costs and cycle times
- **Greater operating range**, dumps on adverse slopes
 - **Hard to bog down**; frees itself by ejecting load
 - **Reduces risk** near bridges, power lines, etc.
 - **Cuts cycle times**, no need to raise/lower body
- **Advanced design**, rugged high tensile wear-resistant steel
 - **Maintenance-Free**, sealed self-lubricating bearings
- **Ejector Blade Vibrators** (Optional) reduces material adhesion
 - **Parts support** from world renown sources
